VANDERLIP SAID TO BE HARDING'S REPRESENTATIVE

Colby Says So Informed by Commissioner Young

HARDING SAYS NEVER HEARD OF VANDERLIP

WASHINGTON, Oct. 26.—Secretary Colby announced today Commissioner Young at Riga had informed the state department that Washington Vanderlip, who recentiy obtained concessions in Siberia was reported to have told Lenine, Bolshevik prmier that he represented Senator Harding.

The commissioner's dispatch, said Lenine had informed H. G. Wells, a British writer that Mr. Vanderlip had made certain proposals to the soviet government looking to recognition of the Bolshevik government by the United States.

London dispatches yesterday said Mr. Vanderlip has concluded an extensive arrangement with the Russian soviet by which an organization of western American financiers acquired a sixty year lease on a vast tract in northern Siberia opposite Alaska with exclusive rights to develop coal, oil and fisheries.

Contracts Not Binding.

Earlier today state department officials on the basis of the London dispatches said that since the United States had not recognized the Bolsheviki no contract entered into by its officers would be regarded by this government as binding.

The announcement issued by the state department follows:

"Regarding the published report from London that Washington D. Vanderlip of California had concluded an arrangement with the Russian soviet government for a large concession in northeastern Siberia the only dispatch bearing directly on the subject received by the state department was one received October 20 from the commissioner for the Baltic provinces at Riga. It states Lenine had informed H. G. Wells that Vanderlip claimed to represent Senator Harding and had made certain proposals regarding recognition of the Bolsheviki government."

In making the statement Secretary Colby said:

"The Wells referred to is undoubtedly H. G. Wells, the British writer, who has lately returned to England from Russia which I understand he visited to obtain first hand impressions of conditions.

"The Vanderlip refrred to is presumably Washington D. Vanderlip. Press reports lend confirmation to the object of Mr. Vanderlip's activities as revealed in the department's official despatch and speak of important and extensive concessions he claims to have received from the soviet government.

Has No Information.

"The department has no information beyond that contained in the despatch. I might say, however, that it comes without qualifying terms from an official of the department in whom we place dependence. He is Evan J. Young, our commissioner at Riga.

"The report that Mr. Vanderlip has made proposals looking to the recognition of the soviet government and is apparently bargaining thereon for valuable concessions makes it proper for me to state, by way of warning, that, as the government of the United States has never recognized the Bolshevik regime American business men and investors should bear in mind that any concessions from the Bolshevik authorities would have no certainty of recognition by future Russian governments.

"It furthermore would be most regrettable if any confusion should arise in the minds of the soviet authorities as to the attitude of this government on political recognition. This attitude has been stated in unmistakable terms."

Not Harding Agent.

Marion, Ohio, Oct. 26—Direct denial was made by Senator Harding today of reports to the state department that A. Washington Vanderlip was acting as his agent in Russia.

"I have never heard of Mr. Vanlip," he said, "he is not my agent and I have no agent. I know nothing about any such matter and have no interest in it whatever."

The senator decline d to make any other statement or to comment specifically on the reported negotitations relating to possible Amercian recognition of the soviet government. He said he considered his denial broad enough to make his position entirely clear and to serve notice to everyone concerned he was not a party to any of Vanderlip's reported activities.

WILL RETURN TO CITY

Mr. and Mrs. C. Spruit, who have spent the summer and fall on their farm near Old Mission, are expecting to return to Jacksonville and their home on Pine street early in November.

JOE GEDEON IS EXONERATED IN BASEBALL SCANDAL

American League Player Appears Before Jury

ROTHSTEIN ALSO HELD GUILTLESS

CHICAGO, Oct. 26. — Joe Gedeon, St. Louis American League second baseman and Arnold Rothstein of New York today gave testimony before the Cook county grand jury inyestigating the baseball scandal which the state's attorney's office announced exonerated them from complicity in the throwing of games in the 1919 world series, but had strengthened the cases against some of the men already indicted.

The jury today completed the taking of testimony in the month's investigation which has resulted in true bills against 13 men in charges of conspiracy to do an illegal act. It will hold a final session Friday to finish clerical work.

The jury will vote no more true bills state officials said. They added Rothstein and Geoden were the only men said to have been implicated in the scandal against whom true bills had not been voted and that the jury was convinced they were innocent.

Gedeon and Rothstein testified against Abe Attell, Hal Chase, William Burns and others on whom the jury had acted. Their testimony probably will result in an attempt to have Attell brought back for trial, officials said.

Supplementing the announcement by the state's attorney's office President Ban Johnson of the American League declared he felt Gedeon was "entirely innocent' and Alfred Austrian, attorney for the Chicago club, issued a statement declaring "Rothstein had proved himself guiltless."

REHABILITATION OF RAILROADS HELD UP STATE COMMISSIONS

Statement Mabe by Vice President of N. Y. Central

HAUL MORE FREIGHT THAN LAST YEAR

NEW YORK, Oct. 26.—State railroad commissions holding up operation of freight rate increases are doing more than any other agency to prevent rehabilitation of railroad properties George H. Ingalls, vice-president of the New York Central lines, said in an address tonight.

He declared that, altho state commissions were represented in the body which fixed the new rates "only 18 have approved the enw rates without exceptions and amendments, all tending to curtail the carriers revenues and 17 have definitely refused to grant the new schedules.

Less Than Rates Abroad.

Rates in this country, he asserted, are much less than abroad, the increases having amounted to 67 percent since 1914, while increases in foreign countries have ranged from 114 per cent in the nited Kingdom to 390 per cent in Austria.

THRESHING MACHINE HAND KILLS WOMAN

Sets Fire to House and Other Farm Buildings and Then Commits Suicide.

HARBOR SPRINGS, Mich., Oct. 26.—John Harado, a threshing machine hand, shot and killed Mrs. Margaret Kennedy at her farm home near here last night, set fire to the house, then went to the barn and committed suicide after setting fire to other farm buildings, according to the testimony of the six-year-old daughter of Mrs. Kennedy at a coroner's inquest here today. The coroner's jury returned a verdict charging Harado with crime.

Neighbors discovered early today that the Kennedy home and other buildings had been burned during the night. The little girl was found wandering along the highway and later led officials in a search of the ruins of the buildings, which disclosed the bodies of her mother and Harado.

Mrs. Kennedy, a widow, 35 years old, came home recently from Ohio. Harado had been an unwelcome visitor on several occasions. He came again Monday evening, she said, ordered her from the house, attacked her mother, then shot her and later killed himself.

FINANCIAL CONDITION OF SHIPPING BOARD SOUND

Washington, Oct. 26.—Belief that the financial condition of the shipping board was sound was expressed tonight by Chairman Benson commenting on reports that it was running behind. He thought the merchant marine possibly was doing somewhat better than paying expenses. A report is being prepared and made public he said. Data available now, he added, indicated a steady decrease in expenses.

TWO ISSUES STAND AT FOREFRONT IN PRESENT CAMPAIGN

These Are Tariff and Peace League Says Harding

SAFEST PLACE FOR U. S. IS OUTSIDE

MARION, O., Oct. 26.—On the eve of his departure for his final speaking trip, a four-day circuit of Ohio cities, Senator Harding again directed attention today to two isues that have been in the forefront of his campaign, the protective tariff and the league of nations.

A "prompt return" to a policy of protecting American products was promised by the senator in a telegram to Paul E. Ewert of Joplin, Mo., as a part of his attack on the Democratic tariff program. He declared "disaster" had been brought to mining and industrial interests through failure to properly protect American products and that now agriculture was sharing a similar fate.

His comment on the league came in an informal discussion of an interview with Leon Bourgeois, president of the league council.

Safe Place Is Outside.

The latter's views, he said, furnished further evidence that the only safe way for the United States to "remain outside" for the present.

The senator's final campaign trip will be made by easy stages. Leaving tomorrow, he will speak at night in Cleveland, and on the three remaining nights of the week will talk in Akron, Cincinnati and Columbus. He will return to Marion Saturday night.

Today Mr. Harding took it easy, seeing few callers and clearing away odds and ends of office work. His voice, which had been affected by a slight cold, showed improvement.

During the afternoon a Glee club from Troy, Ohio, serenaded the nominee and Mrs. Harding with political songs. The senator made a short speech, thanking them for the visit and for their support.

U. S. MUST ASSIST IN STABILIZING WORLD

Franklin D. Roosevelt Makes Assertion at Dinner In New York—Crash In Europe May Seriously Effect This Country.

New York, Oct. 26.—Speaking at a dinner and three political rallies in Brooklyn tonight, Franklin D. Roosevelt, declared the United States ought as "a mere matter of self-preservation to take part in attempts being made to stabilize and improve world finance," thru the league of nations.

"If the crash in foreign parts should occur the United States would be seriously affected," he said. "If no other reason than a selfish one the United States must immediately resume her place at the table with other nations in order that economic and financial difficulties resulting from the war, may be straightened out and placed in a safe position. It is, of course, reasonable to add that if a collapse occurs because of the United States not taking part in world affairs it is not merely Americans who are conected with foreign commerce who will suffer. Every other American will feel the blow indirectly."

CLOSING ARGUMENTS IN WANDERER'S CASE

CHICAGO, Oct. 25.—The serenity which Carl Wanderer has displayed throughout his trial for the murder of his wife and which the state cited as evidence of his cold-bloodedness and proof that he was the type of man who could have murdered his wife, her unborn child and a stranger, was referred to today by the defense in its closing arguments as proof of the defendant's innocence. Wanderer could not have maintained his tranquility if guilty, the defense said.

Length of the closing arguments has delayed the trial and the case may not reach the jury before Thursday.

REPUBLICAN SPECIAL ARRIVES IN CHICAGO

CHICAGO, Oct. 26.—The special train carrying the Republican state candidates returned tonight from its eight day tour and for the next few days the candidates will confine their campaign largely to Cook county.

Republican state headquarters in a statement tonight, said the tour had been "most successful" and would result in a majority of 300,000 outside Cook county for the Republicans.

Len Small, candidate for governor, addressed three meetings here tonight and W. B. McKinley, candidate for senator, planned to return to his own district, the Nineteenth, for a short campaign.

Bulletins From Here and There

Buenos Aires, Oct. 26.—A revolution is under way in Bolivia, according to reports today.

Tallow, County Waterford, Ireland, Oct. 26.—One hundred men last night attacked the Tallow barracks, but it was repulsed after a strenuous fight. No casualties have been rgported.

London, Oct. 26.—Troops stationed in Ireland number 49,000, it was announced in the House of Commons, tonight.

London, Oct. 26.—Strike conferences were abruptly adjourned tonight until tomorrow. The negotiations, it was stated, are now in a critical stage.

ENNISKILLEN, Ireland, Oct. 26.—The police barracks at Tempo was attacked by Sinn Feiners yesterday. The attack was repulsed. One sergeant is reported to have been wounded and one Sinn Feiner killed and another wounded.

San Francisco, Oct. 26.—Memorial exercises, including a funeral procession, with coffin and hearse, are planned by Irish societies here for next Sunday to commemorate the death of Lord Mayor MacSwiney of Cork, it was announced today.

Chicago, Oct. 26.—Under cover of a dense fog seven liquor bandits raided the chemical labratory of a drug company almost in downtown Chicago, late today, and, after lining up the employes, loaded 25 barrels of alcohol valued at $1,000 a barrel, in a motor truck and drove away.

New York, Oct. 26.—The resignation of Mrs. William K. Vanderbilt, Jr., as a member of the finance committee of the Democratic national committee and her support of the Republican ticket thru a campaign contribution, was announced today at Republican headquarters. She said she was unable to support Governor Cox.

Boston, Oct. 26.—Bob Martin, inter-allied and A. E. F. heavyweight champion, knocked out Larry Williams of Bridgeport, Conn., in the first round of a scheduled ten-round bout tonight.

Tacoma, Wash., Oct. 26.—Workmen in the Northern Pacific Railroad shops here announced today they would lay off work on the day of the burial of Lord Mayor MacSwiney "to demonstrate their approval of the fight for Irish freedom." Fifteen hundred men are employed.

METHODISTS WANT CONGRESS TO BUY UP ALL LIQUOR

Keep Sufficient Supply for Legitimate Uses

WILSON'S WET IDEAS WRECKED INFLUENCE

WASHINGTON, Oct. 26.—Congress was urged today to buy up supplies of intoxicating liquors held in bonded warehouses by the board of temperance prohibition and public morals of the Methodist church. The holdings should be gotten today in fewer warehouses the board's recommendation said and after a sufficient supply for "legitimate uses" had been provided, the balance hould be rendered unfit for and sold for industrial purposes.

Other resolutions asked the appropriation of more money to enforce federal prohibition and for government action to restrict the passage of American citizens between California and the immoral resorts of Tia Juana, Mexico.

Dr. Clarence True Wilson in presenting his annual report as secretary, reviewed the history of the prohibition enactments and said President Wilson's will be unfortunate in taking the wet side of the prohibition controversy had done more than any other one thing to wreck the influence of America.

STEEL CORPORATION SHOWS BIG GAIN

NEW YORK, Oct. 26.—Total earnings of the United States Steel Corporation for the third quarter of 1920 issued today totalled $48,051,540 a gain of $4,950,833 over the preceding period.

Net increase of $35,739,137 showed a gain of $4,050,833 with a surplus of $17,869,939 as compared with $13,776,833 three months ago.

Earnings applicable to the common stock after payment of interest charges and the preferred dividend were equal to $4.76 a share, an increase of 80 cents. The usual dividends of 1¾ per cent on the preferred and 1¼ per cent on the common were declared.

Examination of statement by monthly stages disclosed largest earnings for July with a decline of almost $1,000,000 in August and a fairly good recovery in September.

FORMER MAIL CLERK GETS SENTENCE

CHICAGO, Oct. 26.—Roy H. Simmonds, formerly a mail clerk in the Chicago post office, was sentenced to five years in Leavenworth today by Judge Kenesaw M. Landis for stealing $6,000 mailed by the Downers Grove, Illinois National bank to the federal reserve bank here.

Simmonds, according to testimony at the trial, was married to one girl, living with a second and engaged to marry three more.

Chicago, Oct. 26.—A census of Methodists, compiled by Dr. H. H. Carroll, formerly of the census bureau of the centenerary conservation committee of the Methodist Episcopal church shows 36,622,190 Methodists in the world, according to figures made public today. There are 9,832,107 members of the church the remainder being adherents and probationers who are members of Methodist families.

DECLARES LIVE STOCK CONDITIONS WILL IMPROVE

Fort Worth, Texas, Oct. 26.—Louis F. Swift, packer, of Chicago, in a statement today, declared livestock market conditions will improve now that the Nnited States government has sold all of its cold storage meat supply. This supply he said has been a bear factor.

WAGE INCREASES ARE DEMANDED BY HARD COAL MINERS

Minimum of $6 Per Day and Universal Eight Hour Day

OPERATORS WILL CONSIDER MATTER

PHILADELPHIA, Ost. 26.—Wage increases equal to the 27 per cent recently granted by bituminous miners with a minimum day rate of $6 and a universal eight hour day in the hard coal region were demanded by representatives of the anthracite mine workers today at a conference with the coal operators.

Under the presidential anthracite commission's award the hard coal men were given an average increase of 17 per cent with a minimum day rate of $4.20.

In asking reopening of the award at today's meeting, which was called at the request of President Wilson, officials of the miners presented eight demands which they explained would eliminate alleged inequalities in the wage agreement.

The operators took the matter under consideration and will present their answer November 5. No ultimatum or threat of strike was presented to the operators in connection with the miners' proposals, it was stated.

AMERICAN PRODUCTS TIED UP AT PORT

HAVANA, Oct. 26.—American products valued at millions of dollars are tied up at the port of Havana, seemingly without prospect or hope of early delivery.

Conditions have become so menacing from the standpoint of health that hundreds of tons of foodstuffs, for which war prices are paid on the island, already have been dumped into the sea. There is such an utter congestion on the wharves that it has not been possible, however, to dig through the growing pile of boxes and barrels and reach many decayed shipments.

Inadequate port, facilities, the strike of longshoremen last spring and speculation are given as the principal causes of the congestion.

SOCIALIST NOMINEE ISSUES STATEMENT

CHICAGO, Oct. 26.—Seymour Stedman, Socialist nominee for vice-president issued a statement today eulogizing Terence MacSwiney as a victim of cold, greedy, imperial British capitalism, a martyr to the cause of human freedom.

"He offered his young life," Mr. Stedman continued "and carried his cross of evidence, his faith and to prove again to a stupid world that Irish independence cannot be crushed by force."

GERMAN GOVERNMENT SENDS IN TREATIES

Paris, October 26.—The German government somewhat to the surprise of the council of the league of nations has sent to the league offices in London ten treaties or diplomatic agreements entered into by Germany with various powers since January 10 it was learned today. This step was taken in consequence of the circular invitation sent all governments except that of soviet Russia, by order of the league council.

SARGEANT AND BRADY TIE FOR FIRST 18 HOLES

Wee, Baden, Ind., Oct. 26.—George Sargeant of Columbus, Ohio, and Mike Brady of Detroit, were tied for the first 18 holes of play in the open professional golf tournament which started here today. Each made the 18 holes in 75 one less stroke than J. C. Gordon of Chillicothe, Ohio, Larry Ayton of Evanston, Ill., and Jock Hutchinson, of Chicago.

COAL OPERATORS PROMISE TO HELP REDUCE COAL PRICES

Adopt Resolution Supporting Palmer in His Efforts

SAY ARE ONLY GETTING FAIR PROFIT

CLEVELAND, Ohio, Oct. 26.—The meeting of soft coal operators adjourned today after adopting a resolution pledging their support to Attorney General Palmer in eliminating unreasonably high prices and unwise practices, where such exist.

This action was taken by the one thousand coal operators, representing 7,000 soft coal operators who attended the meeting.

It followed receipt of a message from the attorney-general requesting the operators to cooperate with the department of justice in eliminating unreasonably high prices for coal.

Today's general meeting was called by Col. D. B. Wentz, president of the National Coal association in response to a telegram sent by the attorney general to the association last week, urging steps be taken to eliminate the exhorbitant coal prices.

Members of the National Coal association held a meeting this morning, considered the attorney general's request and the soft coal situation and voted to maintain their fixed policy against taking action touching on coal prices because of restrictions in their charter.

During the discussion of the coal situation many maintained bituminous operators generally were only receiving reasonable profits and that the large majority strongly condemned profiteering in coal prices, which, if it existed, was the exception rather than the rule.

BORAH DENOUNCES WAR LEGISLATION

Says Republican Party Will Repeal Laws as Soon as In Power—Some of Them Plainly Violated Constitution.

MERIDEN, Conn., Oct. 26.—Senator W. E. Borah of Idaho, in a campaign speech tonight, denounced "arbitrary and repressive laws passed during the war."

Asserting repeal of these laws would be "one of the first tasks for the Republican party," he declared. Some of the measures were "far more drastic and arbitrary than necessary, even in time of war, and are wholly intolerable in time of peace."

"Some were plainly in violation of the constitution, but passed under the vicious theory that the constitution is suspended in time of war," he said. "But necessary or unnecessary, constitutional or unconstitutional they should no longer be permitted to menace those rights and privileges which a free and forward looking people should enojy.

"Let us live again under the constitution and not be afraid of other men's opinions."

COUNTRY TOO BIG FOR DEMOCRATS NOW

Lowden Says Necessary for Republicans to Take Charge—Eyes of Nation on Ohio.

Toledo, O., Oct. 26.—"The nation is getting too big for the Democrats to run," Governor Lowden declared in an address here tonight.

"It is necessary for the future safely and welfare of the country for the Republicans to assume administration leadership," he added.

He declared that the eyes of the nation are on Ohio and that the Republicans are expecting this state to give Senator Harding a Republican plurality vote of at least 150,000. He charged that the Democratic administration has failed to discuss since it went into power in 1912, any of the dominant issues it raised at that time.

MINER KILLED BY FALLING SLATE

Springfield, Ill., Oct. 26.—Roland Gambler, a coal miner employed at the Standard Oil company mine at Shofer, near Carlinville, was killed by a fall of slate tonight. An earlier report in Carlinville was to the effect that there had been an explosion at the mine and a special train was sent to the mine. The report proved unverified and the train bringing Gambler's remains returned to Carlinville.

GEORGE WHITE THINKS DEMOCRATS WILL WIN

New York, Oct 26.—In a statement made public tonight, George White, chairman of the Democratic national committee declared that "victory is coming our way so fast now that we cannot only feel it and hear it, but we can see it."

GERMANS BELIEVED TO BE PLANNING TO CONTROL DYE STUFFS

Decree Practically Socializes Products of Coal Tar

PRODUCERS REQUIRED TO TURN OVER OUTPUT

WASHINGTON, Oct. 26.—Text of a German government decree practically socializing production of coal tar in that country was received tonight in official advices. Indications that Germany was planning to attempt to regain her pre-war supremacy in dyestuffs was seen in the decree.

Complete control of the distribution of raw material for refining coal tar is given by the decree to a union representing all branches of the industry.

Employers and employed reported in equal numbers and the government by the minister of economics empowered to protest any decisions as seem contrary to public welfare. Regulation of the coal tar trade and economic questions concerning crude coal tar are placed under jurisdiction of the union as well as the supervision of exports and imports and price fixing. Reduction of the importation of raw products to maintain high prices in Germany is forbidden.

Producers of crude coal tar are required to turn over their entire output direct to refineries and contractors in violation of this prevision are declared null. Employment of crude tar other than under the terms of the decree is made punishable by a fine of not more than 100,000 marks and five years' imprisonment.

Dyes and chemicals were the mainstays of Germany's foreign trade before the war.

COX PLEADS FOR SENATORS WHO ARE IN FAVOR OF LEAGUE

Says Doesn't Want Hands Tied After the Election

CONTINUES ATTACK ON HARDING

CINCINNATI, O., Oct. 26.—Pleas for election of senatorial candidates favoring the league of nations were made by governor Cox today in a tour touching West Virginia and Kentucky and closing tonight with an address here.

Reiterating that he would construe his election—in which he expressed utmost confidence—as 'a positive mandate" for American entrance into the league, he asked support for Democratic candidates in Ohio and in Kentucky, whom, he said stood "four square" on the league.

"Don't tie my hands by electing a hostile senator," he urged, reiterating statements made yesterday that he believed he would "reach an agreement with the senate regarding the league."

Continues Attack On Harding.

Governor Cox also continued his attack on Senator Harding as a conspirator against the league by virtue of the senator's signature to the round robin.

"I think you will agree," he said, "that a conspiracy was formed in the senate to strangle the league of nations to death."

Predicting a "landslide" for the "cause of peace," in the election, Governor Cox reiterated his opinion that Senator Brandegee, Smoot, Moses, Watson and other Republican senatorial candidates signing the "round-robin" would be defeated. The governor asked Kentucky voters to send back Senator Beckham, and his Ohio audiences were urged to support W. A. Julian, Democrat.

Senator Harding, the governor predicted, would spend the next four years at Marion, Ohio, and referring to Senator Moses of New Hampshire, the governor repeated he was "one Moses who might well have been left in the bull rushes."

GUARD INCREASED AT BRIXTON PRISON

LONDON, Oct. 26.—The police guard at Brixton prison was again increased today. There is a considerable garrison inside the gates.

Sinn Feiners who arrived from Ireland for the obsequies went to the prison in little parties today to see where the lord mayor had died. They were all wearing Sinn Fein colors draped with mourning. Enterprising street vendors were also selling Sinn Fein rosettes bordered with mourning.

Deputy Lord Mayor O'Callaghan close to the prison entrance, and other members of the Cork corporation visited the prison this afternoon and were granted permission to view MacSwiney's body.

BRIG. GEN. BARNETT TO APPEAR IN COURT

Washington, Oct. 26.—Brig. Gen. Barnett, former commandant of the marine corps will appear before the naval court of inquiry investigating American occupation of Haiti to give evidence as to his charge of "indiscriminate killings of natives in Haiti which brought about the investigation.

RUMOR THAT THERE IS FARMER'S STRIKE ON IN SOUTHWEST

Said to be Holding Wheat for $3.00 a Bushel

ASSOCIATION HAS 70,000 MEMBERS

KANSAS CITY, Mo., Oct 26.—Whether farms of the southwest are obeying a strike call issued recently by the Wheat Growers' Association in a proclamation calling on its members in several states to hold wheat until a basic price of $3 a bushel was reached could not be ascertained tonight.

Reports from grain market centers attributed decrease in wheat receipts and an increase in price to the proclamation. No widespread curtailment of wheat offerings was reflected today in the grain markets of the southwest, grain men said.

J. C. Mohler, secretary of the Kansas board of agriculture, tonight declared there was no farmer's "strike" in that state and said probably only a few grain growers would back the movement.

Says Strike In Effect.

On the other hand W. H. McGreevy of Wichita, secretary of the Wheat Growers' association, declared the "strike" was in effect and that the farmers are in the fight to stay.

Wheat will go to $3 per bushel within 90 days, due to the refusal of the association members to sell the secretary predicted, prior to the receipts of news that the market in Chicago had stiffened today, due to the reported falling off of deliveries. Mr. McGreevy stated that he expected no increase for thirty days by which time the farmers will have made their "strike" felt. Sixty more days we will see the goal of $3 wheat attained, he said.

The association proclamation requesting that no more wheat be sold until the price touched $3 went into effect last night. Confidence that practically the entire membership of the association would remain firm in the decision not to sell was expressed by the secretary.

The association has a membership of about 70,000 according to McGreevy. That some bankers are calling in loans to farmers is indicated in information received at the association headquarters in Wichita, Mr. McGreevy said, adding that he regarded such a movement as a board of trade step to break the "strike."

"The only thing that might be construed as a strike," said Mr. Mohler, "is the undertaking of the United States wheat growers' association to get its members to hold wheat for $3 a bushed. That program ws decided upon at a meeting of wheat growers at Salina in September in which the association participated.

"I don't know how many farmers are backing that program but certainly a minority. I think that the membership of all the farmers' organizations probably would be a minority of all the farmers in the state."

ILLINOIS POLICE CHIEFS IN SESSION

CHICAGO, Oct. 26.—Police chiefs from 27 Illinois cities today formed the Illinois Association of Chiefs of Police with "a concerted drive against thieves, crooks and murderers," as the announced purpose of the organization. One of the first things to be taken up, it was said, would be the present patrol system, which the chiefs said was 'too weak."

Officers elected were:

President, John J. Garrity, Chicago; vice-president, W. F. Morris, Springfield; secretary, Thomas J. Sloan, Chicago Heights; treasurer, Charles W. Leggett, Evanston; sergeant-at-arms, Frederick Licht, Forest Park.

Some of the cities represented were, Decatur, Bloomington, Streator, Elgin, Galesburg, Mattoon, Centralia, Quincy, DeKalb and Sterling.

TWO BANDITS KILLED.

Colorado Springs, Colo., Oct. 26.—Two men, alleged to have participated in the atempted robbery of the bank at Elbert, Colo., 35 miles northeast of Colorado Springs, last night, were killed and a third seriously wounded in a battle with officers near here today.

Pay roll and store holdups are so common in Chicago these days that a holdup wherein the bandits secure only $3,000 or $4,000 gets about four or five lines of newspaper space. It takes a $25,000 or $50,000 holdup to gain a big headline.

The telephone exchanges in New York City register an average of 4,500,000 calls each day, but after all, that's not such a huge number when population figures are taken into account. Jacksonville, with a population of 16,000 registered more than 23,000 calls thru one exchange one day recently.

It remains to be seen whether the New York law covering rent increases will stand the test of legal attack. Under this law a jury recently decided that a landlord could increase his rent only 10 per cent instead of the much larger figure that he had adopted.

If the law can fix rentals on city property, why not on the farms? All sorts of restrictions are possibilities if the rent law can be made to stick.

The American Legion will demand that the government provide adequate hospital facilities for the sick and wounded U. S. soldiers who served in the war. It ought not to be necessary for the Legion to give notice of such a demand. While the people of the U. S. are not so keen now that the war is a matter of history, about heaping honors upon ex-service men, nevertheless they are of one mind about the government's duty of caring for those who are ill or crippled as a war result. That is an obligation that no one can deny.

Ingratitude, especially in political life, is accounted as one of the greatest sins. What must be President Wilson's feeling as he contemplates the fact that the Georgia state Democratic convention has declared unalterable opposition to the League of Nations and the senators of the state are instructed to vote against the covenant. This, after the building of cantonments and war time manufactories in the south—this, after special legislation for the benefit of the southern planters.

A thousand business men in Detroit have offered their services to the police commissioner to aid in patrolling the city during the winter months. Just now thousands of men are unemployed in the great manufacturing city, with the prospect of still further unemployment.

So the plan projected for citizens to co-operate with the police department shows a growing disposition on the part of citizens to work with their law and order officials when special conditions arise and the results are always satisfactory. There is public opinion behind all such movements and that helps really more than the volunteers themselves.

NOTABLE CONVENTION VISITORS

The state conference of charities and corrections, preceded by a session of the probate judges association, will convene in Jacksonville tomorrow. This means that men and women from all parts of the state who are interested in charity and correction work will be visitors in Jacksonville. It means that men and women of more than state wide prominence will take part in the program. Thus the people of this city have the opportunity of hearing important questions discussed by men and women of large experience and wide vision.

All of the sessions are open to the public and it is hoped that the people of the city will avail themselves of the opportunity offered. General program facts will be published from day to day and those who cannot attend all the sessions are advised to choose the session when subjects in which they are most interested will be under discussion.

Rippling Rhymes
By Walt Mason

The Corsairs.

"The monied interests all combine to get these hard earned plunks of mine; the Wall street barons plot and plot to soak me in a tender spot; the cormorants of unearned gold would give their heads to knock me cold." This is the way that James P. Jones declaims to me in trumpet tones, when evening shadows softly fall, and he leans on the garden wall. And if the barons climbed on him, they'd find the pickings mighty slim; for James P. Jones is always broke, his credit is a ghastly joke. And I rave always found it thus; the man who makes the biggest fuss about the plutocratic knaves who beat us into early graves is one who never had a roll, some chap who's always in the hole. I find that if I work and save, and like a thrifty gent behave, I have the plunks to put in brine, and none disputes that they are mine. No Wall street barons are abroad to touch me for my humble wad; no malefactors of great wealth secure that wad by force or stealth. But still I hear this James P. Jones: "I cannot have a store of bones, because the grasping, soulless plutes will rob a poor man of his boots."

DEMOCRATS CHANGE MEETING PLANS

Rainy weather compelled a change in the Democratic central committee's plans according to a statement made yesterday by Chairman Clary. Several of the county meetings scheduled for the week were abandoned. However, Congressman Rainey of Carrollton, Mrs. Eva Batterton of Springfield and candidates for county offices attended a meeting in Waverly at 4 o'clock yesterday afternoon and another gathering in Franklin last night.

Friday night a mass meeting will be held at the court house, with addresses by Hon. W. E. Williams of Pittsfield and O. E. Tandy of this city.

COL. DUNCAN TO ADDRESS COLORED CITIZENS

Lieut. Col. Otis Duncan of Springfield will address a mass meeting of colored citizens tonight at 7:30 o'clock at the court house. Col. Duncan was in the war service overseas and has an exceptional record. For years prior to the war he was attached to the office of the state superintendent of public instruction, and is a man of liberal education and wide experience. He will no doubt have a large audience at the court house tonight.

SENATOR McCORMICK IS FOR STRAIGHT G. O. P. TICKET

(Chicago Tribune.)

Senator Medil McCormick will support the Republican state ticket. He said so before leaving for Ohio early yesterday morning.

"Together with those who actively supported McKinley, Oglesby, and the majority of the state candidates who were nominated in the primary election I sought the verdict of that primary,' he said. "I shall abide by it.

"There is nothing in Colonel James Hamilton Lewis' record to invite Republicans to support him, directly or indirectly. He is more Wilsonian than Dr. Wilson, more royalist than the king.

"Among Democrats he is an adultory Democrat—but among Republicans he speaks as a nonpartisan. He is proleague. He was the Democratic whip in the senate and the administration spokesman. He is anti-machine this year, but two years ago, after the primaries, his friends sought for him, and he received, the open and energetic support for election of that very Thompson machine which he now denounces.

"His unsound proposals are as unsound as any which were contained in that Tammany platform which the Republican state convention rejected. I shall vote the straight Republican ticket and do not doubt that upon reflection the majority of the voters in Illinois will decide to do likewise."

Masquerade Suits, Mallory Bros., 225 S. Main.

RAIN STOPPED G. O. P. MEETING PLAN

The Republican meetings planned for Chapin and Meredosia Tuesday were called off by County Chairman C. F. Wemple and his associate, J. J. Reeve, on account of unfavorable weather. The roads are very muddy and the Republican committeemen at Chapin and Meredosia thought it wise to have the meeting dates cancelled and they so notified the committee officers.

PYTHIANS PLAN FOR BETTERMENTS

Committee Recommends That Second Floor Be Added to Present Quarters.

The booster committee representing the two Pythian lodges of Jacksonville, recently made a report including certain recommendations for the betterment and enlargement of Pythian quarters. It is proposed to take over the second floor of the building which the Pythians now occupy and to use it for club rooms. This would allow additional space on the third floor for lodge room purposes.

The proposed expenditure for changing the rooms approximate $2,000 and the increase in the yearly rental would be about $650. In order to meet the increased running expenses the committee has advised that the annual dues of the lodges be made $8 a year instead of $6 as now prevails.

It is very probable that the recommendations of the committee will be approved and that the changes will be made before January 1. It is planned at that time to initiate a class of 100. The joint committee included: from No. 152, Walter W. Smith, Herbert C. White and George A. Wiseman; from No. 376, Jewill E. Scott, S. G. Chumley and J. W. McConnell. The chancellor commander of Jacksonville lodge is W. B. Brown and the chancellor commanderof 376 is L. F. Jordan.

SINCLAIR

Ernest Stainforth, formerly of Lynnville but well known in this vicinity, died at his home on Valier, Ill. The remains were brought to Virden, where interment was made on Monday, Oct. 18.

Mr. and Mrs. John Heaton and Mr. and Mrs. Fred Jewsbury of Lynnville called on H. H. Harris and family recently, and also attended the Sunday school convention at Hebron last Sunday.

Arthur Swain shipped two carloads of cattle and one load of hogs to Chicago Monday.

Mrs. Claude Keltner, who has been visiting at the home of J. R. Keltner and family, went to Bloomington recently for a visit with her parents, before returning to her home in Oklahoma City.

Miss Emma Ward of northwest of Sinclair is on the sick list.

Ernest Andrews has moved into the new tenant house of N. T. Fox north of Sinclair.

A number of fishermen of this vicinity tried their luck last week fishing at Clear Lake but report a small catch. They had to return home thru mud and rain.

The Sunday school convention at Hebron Sunday was well attended and a good meeting was reprted.

Frank Hymes, formerly of this vicinity but now of Markham neighborhood, was fishing at Clear lake Saturday. When near Virginia his machine gave out and this meant a delay of several hours.

Saturday night some careless automobile driver ran into a horse in such a manner as to break the animal's leg and it subsequently had to be killed. It seems that it is high time for citizens to take a hand and stop this careless driving on the part of automobilists.

WOODSON ELEVATOR STOCKHOLDERS MEET

Large Attendance at Meeting Held Recently—Four Directors Are Chosen.

Woodsan, Oct. 26.—Stockholders of the Woodson Elevator Company met at Colton and Baxter's hall recently and elected four directors.

There was a large attendance, sixty five being present. Frank Riley, Samuel Butler and William T. Craig were re-elected and William McCurley was chosen to succeed Charles Ranson, resigned.

Mr. Betz of Chicago was present and talked to the stockholders of the cooperative plan of running elevators. The directors are now considering changing from a joint company to the cooperative plan. Definite decision will be made in the matter in the near future.

RECENT HAPPENINGS IN CONCORD VICINITY

Harold Hamm Removed to Hospital for Treatment—A. J. Wheeler Motors to Chambersburg—Other Items of Interest

Concord, Oct. 26.—The rain of Saturday and Sunday was a good thing for the late sown wheat. Those who finished sowing just before the rain coun themselves lucky.

Harold Hamm was taken to he Passavant hospital recently for an operation for appendicitis. The latest reports indicate a speedy recovery.

Mrs. Ethelyn Plank has been in a serious condition for some weeks. On Thursday afternoon she was taken to Passavant hospital under the care of Dr. A. M. Johnson, where she is recceiving the best of attention. Her many friends will be glad to hear of a speedy improvement. Her sister Mrs. George Wooff is with her.

Born to Mr. and Mrs. C. E. White, a six pound baby daughter. All were doing well at last accounts.

Mrs. Sam Brockhouse had another birthday on the 24th and expected to have all her children home for the day to help her celebrate, but the rain prevented. The Journal's scribe had a birthday on the same date, but could not celebrate either. We hope for better weather next year.

Miss Alma Deterding is spending a week in St. Louis.

Dr. A. M. Johnson was a Jacksonville visitor on Tuesday.

A. J. Wheeler motored to Chambersburg on Friday to take his parents for a visit to a married daughter.

Remember the Donation sale on Wednesday, the 27th by the Ladies Aid.

That was a bad mistake in our news of last week in reference to the roads between Jacksonville and Eureka. The roads were good except in places.

FAMOUS GRAND OPERA STAR TO SING IN JACKSONVILLE

Margery Maxwell, of the Chicago Grand Opera Company, will open the Artists Series at Illinois Woman's College on Friday night, October 29, 1920, at 8:15 o'clock, in Music Hall.

Miss Margery Maxwell

She is a whole-hearted American girl with a voice of surpassing beauty—a pure, ideal, lyric soprano. It is colorful throughout its wide range and is marked by eveness of tone. Miss Maxwell can charm by her art alone, but she has the added gifts of personality and good looks which make her an ideal singer.

She has shown that her artistic equipment is equal to the demands of varied fields of song—having gained distinction in operatic, concert and oratorio singing. A recital by Miss Maxwell is an event to be chronicled as one of the high spots in the artistic life of any community.

Editorial from Jacksonville Courier

The most interesting feature of the county campaign has been the public discussion, in newspaper articles by Judge E. P. Brockhouse, of county financial affairs as related to the States Attorney's office. It is evident that Judge Brockhouse, while not minimizing the importance of the States Attorney's responsibilities as prosecuting officer, believes it the duty of the States Attorney as legal adviser of County officers, to be a live and active force in the business affairs of the County; to give to other officers, without waiting to be asked, advice pertaining to the duties of their respective offices, in order to prevent illegal acts on their part and illegal use of public money through ignorance of the law; to be on the lookout for illegal practices and if any are discovered to check them; to discourage expenditures of doubtful legality and to set an example of economy in the conduct of his own office.

E. P. Brockhouse For State's Attorney.

His position is sound and logical. A States Attorney is prosecuting officer as well as legal adviser. Official misconduct, including illegal expenditure of public money, is a violation of the Criminal law, which it becomes his duty to prosecute. Few men would deliberately violate their oath of office. If all public officers were fully advised as to their official duties and responsibilities very few, if any, transgressions would occur; and such prosecutions as became necessary could be conducted by the State's Attorney with a clear conscience.

Judge Brockhouse's method of campaigning will appeal to the voters. It is open and above board. What he has to say he is not afraid to put into print. He makes it clear that he does not question his opponent's integrity, but criticises only his policy of conducting the office. This is legitimate and fair and is clean politics which will meet with general approval.

E. P. Brockhouse needs no introduction to the people of Morgan county. He is a member of one of the old pioneer families, a family which has furnished the county several efficient public servants, himself among them. His life has been spent here. The spontaneous vote cast for him in the primary, when not a candidate, shows that his qualifications are generally recognized. The ability and high ideals displayed in his newspaper articles is sufficient proof of his qualications, if any evidence were needed.

He became a candidate for State's Attorney, not through desire on his part, but in response to a genuine and general demand. He is not seeking the office, but is ready to serve if wanted. He has stated the principles in which he believes and leaves the decision to the voters.

Morgan County needs E. P. Brockhouse for States Attorney.

SALVATION ARMY DRIVE PLANNED

Uniformed Army Representatives to Have Charge of Solicitation Work—Four Days, Nov. 3 to 6 DeSignated for Raising $3,800.

Uniformed representatives of the Salvation Army will co-operate with the Morgan county advisory board in raising the campaign quota of $3,800. As already mentioned, the Salvation Army is raising a fund all thru Illinois for its peace-time program, which is laregly devoted to relief and rescue work. The campaign was put on simultaneously in most counties two weeks ago, but was postponed here on account of the Passavant hospital drive.

Thomas V. Hopper is the chairman of the Morgan county advisory board and is chairman of the campaign committee. A good deal of preparatory work will be done and it is the intention to do the solicitation work in the period extending from Nov. 3 to Nov. 6. that is, Wednesday, Thursday, Friday and Saturday of next week. The quota of $3,800 is not large for this county, and the board feels that the money can be readily raised as soon as the people understand that the work is in progress.

The Salvation Army carried on its work so successfully in the war time that the people came to a new understanding of the efficiency and earnestness of the organization.

Mr. Dunham, a representative of the Salvation Army, is now in the city and will soon be joined by other workers from the army division headquarter. T. C. MacVicar is serving as assistant to Chairman Hopper and other committees named are:

Speakers—H. P. Samuell, H. A. Perrin.

Automobiles—R. Y. Rowe, J. H. O'Donnell.

County Organization—A. T. Capps, G. L Riggs

Estimating—E. E. Crabtree, C. A. Johnson.

Publicity — Henry Frisch, J. W. Walton.

BIG EMIGRATION FROM GERMANY

PARIS—(By the A. P.—Emigration from Germany to the United States will be tremendous if no barrier is raised by the the latter country when peace is finally signed, according to reports reaching Dr. Rupert Blue, surgeon general of the United States Public Health Service, upon whose staff of American doctors is responsibility of medically examining every emigrant bound for America.

The Germans wish to emigrate according to Dr. Blue' reports because of the high cost of living and the heavy taxes that will be levied for many years to come.

Wholesale emigration from Germany to the United tSates is impossible now because the two countries are still technically at war, but Commissioner Dresel at Berlin is allowed to vise a maximum of 25 German passports weekly.

SINFULNESS OF SIN DR. VIOLETTE'S THEME

Paints Wonderful Word Picture of Sin—Subject This Evening "The Challenge of the Cross of Christ."

Regardless of the inclement weather a large audience greeted Dr. E. E. Violette at the Central Christian church last evening. A number of Dh. Violette's friends from his boyhood home west of Jacksonville were in the audience. His sermons are heard with a great interest and when the weather clears it is anticipated that the audiences will tax the capacity of the large auditorium.

Prof. and Mrs. R. W. Pollock are ably assisted by a large chorus. The congregational singing is good and the solos of Prof. Pollock are fully appreciated.

Dr. Violette and Prof. and Mrs. Pollock were present at the chapel services at Illinois College yesterday morning. Mr. Pollock sang a solo, "The Stainless Flag" and Dr. Violette addressed the members of the faculty and students.

The sermon last night was based on the "sinfulness of sin" as Dr. Violette expressed it. The profound fact of sin in the lives of men and nations was brought out in telling utterances that stirred the hearts of the hearers. The speaker drew what he called in closing his address, a word-picture of sin. Those who heard will not soon forget. There is a dignity about the work of this preacher that is not common in regular evangelism.

The sermons of Dr. Violette will stand out like the chapter in a book, when he concludes his work here. All who have started to hear him have planned not to miss a single message. The young people of Jacksonville should take advantage of the opportunity that his preaching affords. Each message is an education in itself, for somehow he sings the songs of the world's great poets and interprets the best in history and literature as he portrays the beauty and sublimity of the story of Christianity.

Dr. Violette read Galatians 6 and First John 3 from memory last night. He has announced Matthew 27 for his lesson tonight, and the memory reading alone is worth going far to hear. The subject for tonight will be "The Challenge of the Cross of Christ."

PROTESTS BULLS' KILLING HORSES

Madrid. — The practice of riding horses into the bull-ring to be mutilated and tortured by maddened bulls without a chance of escape or opportunity to avoid attack is denounced by Ramon Gomez de la Serna in La Tribuna. The writer argues that the horse suffers agony from the time he enters the ring blindfolded, for he scents the bull which he cannot see and trembles and perspires with fear.

Senor de la Serna remarks that such a method of putting a horse to death is unworthy of human dignity and self-esteem. He declares some bull fighters feel that such cruelty is unnecessary and one of them, Minuto, even invented armored protection for the picadors' horses, altho this proved futile, as the infuriated bull always found a weak spot in the cuirass.

The author concludes that the League of Nations would have done well to have taken the matter up.

MANY ARE LEAVING IRELAND

Dublin.—(By A. P.)—The proclamation of Dail Eireann prohibiting emigration has only had a slight effect and the American consulate is daily dealing with applications for passports. On a landing of the consul's office the Dail decree is displayed forbidding the emigration of Irishmen of military age and of all citizens of the Irish Republic without the written consent of Dail Eireann.

Intending emigrants are supposed to apply to the local Sinn Fein justices giving their reasons for leaving Ireland and full explanations must be forwarded to the Republican Minister for Home Affairs. Nevertheless the applications to the American consul continue, most of them, however, from women. From 100 to 150 is the daily average. Third-class passages to New York are said to be booked for months ahead.

JAMES HADDEN HAS ANSWERED SUMMONS

Life of Long Time Resident Came to End Tuesday Night.

The death of James Hadden occurred at 10:50 o'clock Tuesday night at his home, 348 Caldwell street. Mr. Hadden had been a resident of Jacksonville for nearly half a century and for forty years was an employe at the State School for the Deaf. In his service there the same faithfulness was evident that characterized all of his life.

The deceased was born in Scarborough, England, Feb. 23, 1851. He came to the United States as a young man and not long afterward located in this city. His marriage to Miss Mary Northrup occurred May 9, 1889. Mrs. Hadden survives, together with three daughters and one son: Misses Bess and Grace Hadden of this city, Miss Irene, of Washington, D. C., and Harry Hadden of Springfield. He leaves also two brothers, John Hadden of Jacksonville, route eight, and Henry Hadden, resident of Ringwood, England.

Mr. Hadden had long been identified with the Odd Fellows lodge and his interest in the order was maintained all thru the years. Mr. Hadden was a man of quiet and retiring disposition but those who were his friends knew the strength of his character and the worth of his ideals. Honesty and integrity were a part of his life, and every duty was performed with faithfulness. So his death brings a useful life to its close and he leaves to his family the record and heritage of a good name.

The funeral service will be held at 2:30 o'clock Friday afternoon at the residence and burial will be in Diamond Grove cemetery.

SAW HESSIAN FLY.

Samuel Dinwiddie of the southern end of Cass county was in the city yesterday and remarked that in his vicinity the Hessian fly had appeared in large numbers in a certain wheat field. The young grain was up and the pests were numerous on the stalks. However none has been reported to his knowledge in any other part and the hope is that the trouble is only local. Wheat not yet up will seem to have a better chance than the grain well along.

Berlin—Discoveries of new goldfields in different parts of Russia are reported by a German trade journal.

In Buchara (Afghan frontier) on the upper waters of the Armu Darya and Yatchan.

Placer-gold has also been discovered in the Ussuri district in the Imen Basin (Eastern Siberia).

In several other parts of Siberia prospectors have lately found not only placer-gold but rich gold-bearing quartz, say the reports.

BANDIT KILLED POLICE SERGEANT

CHICAGO, Oct. 26.—Patrol Sergeant Erward Marpool was killed early today by an unidentified bandit who later met death after fighting four pitched battles with police.

Marpool, answering a call, met two bandits and was killed before he could draw his gun.

Three hundred policemen drew a cordon around the district and took up the hunt for the sergeant's slayer. Several hot fights followed. When firing ceased and the police advanced they found the bandit lying dead in a vacant lot.

METHODISTS HELD CONFERENCE HERE

Ministers and Laymen of the District Met at the Call of Supt. Pletcher.

The district meeting of the ministers and laymen of Jacksonvile district of the M. E. church began an all day meeting here at 11 o'clock Tuesday morning. A large number of ministers and laymen from the various charges in the district are in attendance an da fine spirit of enhusiasm is manifest in the meetings.

J. S. Findley of this city had charge of the devotional exercises opening the morning session. The first thing on the program was the Coronation Song by the audience. Rev. J. O. Kirkpatrick of White Hall the noffered an earnest prayer. Mr. Findley took as his subject "My Need as a Church Man." He emphasized the fact that we need a new heart of action and called attention to the prayer, "Creatt in me a clean heart O God, and renew a right spirit within me." He said that men are too content to be merely servants and not friends of the Master: we are too prone to stand on the side lines and watch the battle, rather than get into the fray. We need also to secure more converts. Much greater results cond be obtained if half the time was spent in an earnest effort to get men's souls as is spent in the effort to get their dollars or their influence. The last need emphasized was that of an humble faith. So often we think in lofty terms when success crowns our efforts and lose our hold on the faith which we showed in misfortune. The speaker thought that we should at all times remember thetwenty-third spalm as an inspiration in times of success as well as in times of failure.

Rev. E. L. Pletcher then took charge of the meeting an dannounced that important business was to be transacted in the sessions. He called a meeting of the district stewards for 1:30 o'clock in the afternoon. He then introduced Dr. H. C. Gibbs, who explainel the work of the conference claimants department, of which he is secretary. The chusches of the Illinois conference will be required to raise 10 per cent of their preachers' salaries for taking care of the aged ministers of the conference and other dependents this year, instead of 6 per cent as formerly. The conference now has 84 men, 97 women and 11 elevn children to whom it must extend aid. A otal of $72,000 is necessary for this work.

Following Dr. Gibbs, Dr. J. W. Van Cleve of Chicago, secretary of the Chicago Area of the Methodist church, explained the new organization of the area which is being planned. There will be an area council of eighty-four men, consisting of two laymen and two ministers from each district in the area. The committee of district stewards in session this afternoon elected one layman from this district, and the district superintendent is to appoint the other. At the conclusion of the afternoon session the ministers elected their representative on the area council, and the superintendents will be the other ministerial member. The area council will meet and formulate a program of work for the area, which will be carried out by an executive committee of ten enosen from the council.

Following thetalk by Dr. Van Cleve, Superintendent Pletcher introduced Prof. Weaver, the new professor of religious eduaction at the Woman's college, who gave an interesting talk on the relation of the school and the church. He spoke of the early days when the church was the founder of the school and dictated what it should teach, the days when the church impressed its dogmas upon the minds of the children from which there was no appeal. But a time came when there was a rebellion against this method People wanted to find out for themselves what was true and what was falst. There arose an apparent difference between the church and the school, in which the one said the other was too far advanced,and vice versa.

Dr. Weaver spoke of the fact that at the present time, it is felt that the whole being of the student is to be educated, and not merely the head. He praised the work which the Woman's college is doing in this direction, showing that the young ladies who attend there receive an all around training—physical, mental and religious. He spoke of their eagerness to learn and to receive inspiration from the work in classroom and gymnasium.

Among the ministers in attendance at the conference were: Rev. Thomas Symonds, Concord; Rev. J. O. Kirkpatrick and wife, White Hall; Rev. H. M. Ellis, Girard; Dr. J. E. Antrum, superintendent Springfield district; Rev. J. C. Bell, Murrayville; Rev. J. B. Wonderlick, Nilwood; Rev. C. W. Ivey, Havana; Rev. J. R. Warlick, Chatham; Rev. W. W. Henry, Virden; Rev. J. A. Betcher, Ashland; Rev. A. W. Andrews, Ashland circuit; Rev. Dewhirst, Roodhouse.

OLD JACKSONVILLE

A PUPIL OF PRES. TANNER

By Ensley Moore
(Member Illinois State Historical Society)

The influence of Illinois, of Jacksonville, and of Illinois College seems almost boundless.

Not long ago the writer referred to the association of Prof. Edward A. Tanner of Pacific Union, Forest Grove College, Oregon, with the great editorial proprietor of the Portland "Oregonian."

James E. Babb, I. C. 1883, has sent "O. J." a copy of the "Whitman Bulletin, of October, 1920, in which Prof. W. D. Lyman, of Whitman College, Walla Walla, Washington is referred to. He, too, was a student at Forest Grove, in the early sixties, before Prof. Tanner, I. C., 57, came back, ultimately, President of his Alma Mater. "The Bulletin' says this of Dr. Lyman:

Great Teachers Hear Call.

"Dr. Lyman knew the musty tomes of great libraries as well as Burbank knows his plants, but he knew the great West as old trappers know it. There was not a river, an upland or a mountain trail from Alaska to Portland that was not familiar to him. The scenes portrayed in 'By Canoe and Saddle' and in Francis Parkman's book on the trail of the 49ers were known to him first hand. For thirty-two years he had cast his fortunes with Whitman College, founded by Father Marcus Whitman, illustrious pioneer who saved the Northwest to the Union about the time it was fast slipping into the hands of Canada.

"He knew all the bird-haunted places of mystery pictured by the author of 'The Mountain That Was God.' He knew all the canyons and uplands from the Snake to the Dalles and from The Dalles to Juneau.

"He was an old man with a young progressive mind. His vision made him an enthusiast for the rights of the masses.

"Dr. Lyman was born and trained foe of every form of tryanny, a champion of freedom. As an antagonist he was powerful with tongue and pen, but was always courteous and never bitter.

"Measured by his vast influence on the lives of thousands of young men and women whom he taught during thirty-two years as instructor in history in the greatest cultural college in all the Northwest, Professor Lyman's work was probably the most far-reaching of any instructor who has ever careered west of the Rockies. Thousands of his former pupils, now scattered throughout the world, will hear with regret of the passing of the erudite scholar, the kind old man who had so long been affectionately known to students and fellow professors alike as 'Dad Lyman.'"—Extract from an editorial in Bakersfield Californian."

HAD FINE TIME ON AUTO TRIP

Mr. and Mrs. H. H. Massey and Daughter Back From Northern Journey — Kept Tool Kit Closed Tight.

Mr. and Mrs. H. H. Massey and daughter, Irene, have returned from a very enjoyable automobile trip which took them to the northern part of Illinois and also into Indinana and Wisconsin. As Mr. Massey is seventy-one years old he has reason to take some pride in this trip, for he drove his Willys-Knight coupe at least 100 miles each day he was gone and in one day and part of the night he covered a distance of 220 miles. He had no engine or tire trouble, and in fact did not open the tool kit on the whole journey.

The party drove directly from Jacksonville to Chicago and then to Gary, Ind. The next city in their itinerary was Milwaukee. When the return trip was made to Chicago they stopped at the home of Mrs. W. H. Mains, who is a daughter of Mr. and Mrs. Massey, and as the date was the birthday of both Mr. and Mrs. Massey, it goes without saying that there was a proper celebration. A wonderful dinner was served and the father and mother received a number of handsome gifts.

A number of days were spent subsequently at Wheaton, Naperville, Aurora and Oswego. From the latter city the journey home was begun. While away these Morgan county people encountered all kinds of roads but they found most satisfactory for travel the yedd graded earth roads that have been properly oiled,

Mr. Massey said yesterday that McLean county had the best roads of this kind but that the finest scenery they encountered was along the lake shore drive from Chicago to Milwaukee.

ILLINOIS COLLEGE GETS COLLECTION OF BOOKS

The Illinois College recently received a large and valuable collection of books — perhaps the largest and most valuable single collection that has been donated to library during the administration of President Rammelkamp. The donation was made by Mrs. Hugh M. Wilson, widow of the late H. M. Wilson '87 of New York, long a trustee of the College and a most loyal alumnus. In donating the books Mrs. Wilson not only expresses her own interest in the College, but gives the books as a testimony of her husband's devotion to his alma mater.

The collection was expressed to the College from the late home of Mr. Wilson in Stockbridge, Massachusetts and came in eight boxes. There are some 800 volume covering a great variety of subjects in the fields of history, political science, economics, advertising, business administration, etc. Mr. Wilson was a great reader and had a valuable private library, especially on subjects of present day interest in the fields mentioned. The volumes will be of especial aid in the work of the department of history and political science. When catalogued the books will be appropriately marked in memory of H. M. Wilson '87.

TOO MUCH RAINY WEATHER FOR CIRCUS

Committee Decides Best to Cancel Arrangements for Firemen Convention Fund.

Mayor Crabtree and members of the special committee arranging for the Firemen's benefit circus, at a meeting held Tuesday afternoon decided it the wise course to cancel the arrangements for this event. The three day downpour of rain has put the roads into very unsatisfactory condition, with no possible chance of their drying up by Thursday. In fact, while the committee was in session rain was still coming down and the prospects for brighter weather were not good. Present at this conference with the mayor were T. C. McVicar, Lloyd Reid, Ald. J. D. Cain, M. C. Hook, J. Bart Johnson, Ed Brennan, John Larson, G. C. Sieber and Sam Hunt.

Mr. Barbour, who has acted as booking agent for the various circus attractions, concurred fully with the members of the committee, that with such weather conditions the only wise course was to cancel. One of the attractions was already here, several others were on the way and the big tent is in a box car at the Wabash station. This of course means that some expense hs been incurred but the committee felt that the loss would not be as much as would almost certainly be the case if the circus plans were continued. It takes moderately warm weather and certainly clear weather to attract people to a circus tent, and it is very late in the fall to count with certainty on satisfactory weather conditions. Mr. Barbour who has the entire confidence of the committee, agreed to make a possible settlement with the managers of the different attractions cancelled.

ARMISTICE DAY TO BE OBSERVED

Exercises Will Be Held at Mauvaniscrre Lake, When New Victory Drive Will Be Started —Committees Appointed to Arrange Program and Other Details.

In spite of inclement weather, a very enthusiastic meeting was held at the public library last night for the purpose of planning a proper and fitting service for Armistice Day. There were 30 representatives from the different organiaztions of the city present.

Mrs. Mary Carriel, president of the Service Star Legion, presided. The plan of this organization to plant the first of the many trees, which are to be planted, representing every ex-service man in Morgan county, was explained by Mrs. Carriel.

It was decided that no more fitting day could be had for this service than Armistice Day. To this end plans were made and committees appointed to make this a service in accord with the spirit of the day. The committees apopinted were:

Publicity—William Fay, W. T. Harmon, Ordral P. Fox, chairman.

Program committee — Judge Samuel, chairman, Mrs. Barr Brown, Sr., Mrs. Homer Potter, Miss Lena Hopper, Mrs. L. P. Alcott, Mrs. Paul Samuel, Frank Heinl, Harry Walker.

Parade committee—Rev. W. E. Collins, chairman, Charles Ehine, Dr. J. R. Harker, J. W. Merrigan, George A. Moore.

Representatives of different organization present offered to plant trees for soldiers in the name of their respective organizations which were gladly accepted. This will be a living monument to the boys and any relatives or friends desiring to furnish funds to purchase trees for the drive will be gratefully received by the Service Star Legion.

Every resident in the city should join in this patriotic event and make the service of that day one long to be remembered as the beginning of a beautiful victory drive.

FORMER RESIDENT DIES IN AUGUSTA

David P. Coffman died recently at his home in Augusta and the funeral will be held there today. Mr. Coffman was a resident of this city years ago and will be well remembered by many Jacksonville people. He was born in this city Dec. 12, 1835, and did not remove to Augusta until a man of mature years. There he was enegaged in the banking business and was accounted one of the substantial residents of the city. Mrs. C. A. Johnson, who was a niece of the deceased, will attend the funeral services today.

A Republican meeting will be held at Wagner's store at Alexander this evening at 8 o'clock. Good speakers will be present. All invited .

Social Events

Gave Birthday Party

Mr. and Mrs. Fred Braner of the Grace Chapel neighborhood entertained a number of children recently in honor of the thirteenth birthday of their daughter, Dorothy. The afternoon was spent with games and music and at four o'clock a luncheon was served, which the children very much enjoyed. Mrs. Braner was assisted in entertaining by Mrs. Golden Braner, Miss Hattie Wilkie and Millie Wiswell.

Those present were Bertha and Florence Farmer, Mary Catherine Bourn, Helen Turley, Margaret Barber, Mabel and Agnes Wiswell, Helen Irene Braner, Letha, Everett, Floyd and Clyde Mason, Ralph Ogle, Ray and Roy Turley.

Orleans County Club Meets Tuesday

The Orleans Woman's Country club held their regular meeting at the home of Mrs. Chas. Drury Tuesday afternoon. Fifteen members and several visitors were present. The decorations of autumn leaves and open briars made the rooms bright and cheerful. Rain and bad roads kept some of the members away. Mrs. Frank Drury had charge of the afternoon program. She selected her own subject, which was, "Current Events." She gave several numbers which were very instructive and interesting, after which delicious refreshments were served. The club adjourned to meet with Henry Welborn, November 9.

Star Camp R. N. A. Enjoyed Box Social.

Star Camp, No. 171, R. N. of A., Tuesday night held one of the most enjoyable meetings of the year, and despite the wet weather the attendance was gratifying to the special committee appointed to arrange the evening's program.

Each of the lady members was required to bring a box containing lunch for two, and following a brief business session the ladies formed in line and marched past a committee for the purpose of having their waist measures taken, and then hunted among the gentlemen present to find who held the numbers corresponding to those marked upon the boxes. When all were paired off the gentlemen were required to pay a penny for each inch of waist measurement marked on the box secured.

A splendid program of vocal and instrumental music was given, and just before closing refreshments of ice cream, cake and coffee were served.

The hall was tastefully decorated in keeping with the Hallowe'en season.

Household Science Club Met

The Household Science club met Tuesday afternoon at the home of Mrs. J. N. Conover's 251 Webster avenue. A good attendance of members and several guests were present. Mrs. Lillian Banskin spoke to the ladies in the interest of the Anti-Saloon league. The regular program consisted of a very interesting paper by Mrs. J. J. Reeve on the duties of women in regard to the ballot. Thanksgiving menu with Mrs. E. H. Gray as leader was very much enjoyed. A group of songs were beautifully rendered by Mrs. H. C. Woltman, accompanied by Miss Lillian Lonergan. The club then adjourned for a social hour, during which delicious refreshments were served by the hostess. The next meeting which will be in celebration of the 35th anniversary, will be held November 16th, the place to be announced later.

Rev. James Caldwell Chapter D. A. R. Held Regular Meeting

Members of Rev. James Caldwell Chapter Daughters of the American Revolution held their regular meeting in the Chapter house Tuesday afternoon. Despite inclement weather there was a large atendance of members.

The regular business session was held with Miss Marian Fairbank, Regent, presiding. Thirteen new members were admitted to the chapter and five apylications received.

The paper of the afternoon was by Mrs. LeRoy Potter, her subject being D. A. R. Chapter Houses. The subject was handled in an able manner and proved of great interest to the members.

Miss Louise Miller of the Woman's College gave a group of songs which were received with such enthusiasm that she graciously gave an encore.

Mrs. Clarence Buckingham was chairman of the hostesses of the afternoon and had the following assistants: Mrs. Lloyd Brown, Mrs. E. W. Brown, Miss Marjorie Black, Mrs. O. F. Buffe, Mrs. Fred Burch, Mrs. O. H. Buhrman, Mrs. Frank Byrns, Mrs. Howard Doan, Mrs. H. L. Caldwell, Mrs. Herbert Capps, Mrs. H. M. Capps, Mrs. H. A. Chapin, Miss Henrietta Clark, Miss Anna Clayton, Mrs. Lillian Cleary, Mrs. E. P. Cleary, Mrs. E. L. Caldwell, Mrs. Eugene Caldwell, Miss Catherine Carter. The chapter rooms were decorated with flowers and autumn leaves and the refreshments were in keeping with the season of Hallowe'en.

WELL KNOWN CHICAGO MEN WILL SPEAK HERE

Judges Olsen and Arnold Will Address Probation Officers' Association Tomorrow Night.

Judge Harry Olsen, chief justice of the Chicago Municipal Court, and Judge Victor P. Arnold of the juvenile court of Cook county, will speak Thursday evening, Oct. 28, at the Baptist church at the meeting of the State Probation Officers' Association.

The municipal court of Chicago is the model court of its kind in the entire world. It is divided into branches, each branch dealing with a particular kind of civil or criminal case. Of special interest are the speeders' court, the morals court, the court of domestic relations and the boys' court.

As chief justice of the entire group of courts Judge Olsen has become famous not only for his ability as a jurist but for his keen social vision in dealing with offenders on the basis of their mental abnormalities.

To Judge Olsen is due the establishment of the Psychopathic Laboratory for the municipal court. Through this laboratory for mental examinations pass annually thousands of persons.

Judge Olsen will discuss the work of the court and of the Psychopathic Laboratory.

Judge Victor P. Arnold is the judge of the juvenile court of Cook county. Thousands of children come into the court for every type of offense from murder to the possession of the wrong kind of parents and of every grade of dependency and mental deficiency.

Judge Arnold has been the Big Brother of every child brought into the juvenile court of Cook county in recent years. The intense human interest that Judge Arnold takes in these children has been demonstrated by his treatment of them as individual social problems capable of re-adjustment.

The reasons why children are delinquent and dependent and the means by which delinquency may be prevented and cured will be told by Judge Arnold in his address Thursday night.

Thursday morning and afternoon the Probation Officers' Association will meet at the court house. In addition to the program printed below there will be a general discussion of the subjects. The discussions are open to all persons whether they are social workers or interested laymen.

Program for Thursday
Morning Session

How can a Probation Officer best serve his community?
(a) From the Judge's point of view.
(1) By a Judge who has a Probation Officer.
(2) By a Judge who has no Probation Officer.
(b) From a State's Attorney's point of view.

JAMES MAHON DIED TUESDAY NIGHT

Well Known Resident Passed Away Following Long Illness.

James Mahon passed away at 7:30 o'clock Tuesday night at his home, 125 Pine street. Mr. Mahon had been in failing health for more than a year past and while he had not been confined to his home, members of the family and close friends realized the seriousness of his condition. Last Saturday he was in the business district, but after he reached his home gave evidence of failing strength.

Mr. Mahon for the larger part of his life was a resident of Sinclair precinct, having retired from extensive farming and livestock operations something more than a year ago. He was accounted as one of the substantial and high class citizens of this county.

Further obituary facts will be printed later, when the funeral arrangements have been completed.

A Republican meeting will be held at Wagner's store at Alexander this evening at 8 o'clock. Good speakers will be present. All invited .

PARTY ISSUE IS THE ONLY ISSUE

Chairman Smith of Republican State Committee Says Growing Tendency Is to Vote Republican Ticket Straight.

By Frank L. Smith.
Chairman Republican State Central Committee.

Chicago, Oct. 7.—Two weeks of active campaigning have shown results in Illinois. There has never been any doubt in my own mind concerning the result. Now I do not believe there is any doubt in the mind of anyone at all familiar with the situation.

The whole Republican ticket will win. Every candidate on the state ticket is certain to get a splendid majority. Never in its history has Illinois been so intensely anti-Democratic as it is today. With two-thirds of the down-state men and women bent upon getting rid of a Democratic administration at Washington, it is foolish to say they will double-cross themselves by voting to install a Democratic regime at Springfield.

The efforts of the state organization of the past two weeks have been directed toward calling the atention to the voters to the imminence of election day. These have been successful. A very heavy vote is to be looked for. The people have been aroused to the things at stake. But our efforts will be continued throughout the coming week with undiminished energy. The party organizations in the several counties are supporting the state committee unanimously and earnestly.

Of course there were some sore spots after the primary. That always happens after a hard fight. But there is very little of that sorenes left now. The voters—women, I believe as well as men—realize that the big issue is the party issue. Every organization member in the state is working for straight votes for the whole Republican ticket, and the whole trend of public sentiment for the past ten days has been toward the straight Republican vote.

This is natural, and, to my mind, inevitable. It has happened with unfailing regularity in my time. There seem to be many issues when a campaign opens. Invariably, I think, they are all merged into one in the final week.

In the coming election, it is my conviction, the overwhelming majority will vote as straight Republicans. There are many reasons why men and women are coming to this state of mind. Among these are opposition to the Wilson League of Nations and the demand that American independence be maintained; the extravagance and waste and consequent high taxes of the Democratic national administration; the almost universal desire for the re-establishment of the protective tariff policy of the Republican party; the complete revision of the national reveue laws by Republicans instead of Democrats; the reorganization of the national government on a business basis; harmony between the executive and legislative branches of government in both the nation and the state; harmony, too, and co-operation between the state and national executive departments; the continuation of Republican policies at Springfield as well as their establishment at Washington.

All these, and other things, go to make up the party issue. Also voters are beginning to realize that there is real danger of losing a vote by atempting to scratch a ticket—the simplicity of the straight vote, which requires but a single-cross in the party circle, against the complexities of the split ticket, which requires twenty-nine crosses for a single vote for president alone and from around fifty up to nearly a hundred separate marks for a vote for all candidates.

Summed up, the essence of overwhelming public opinion seems to me to be this: Turn the Democrats out, where they are in; don't let them get in where they are out.

DURBIN

Roy Smith and Harry Craig went to Springfield Saturday to hear Sousa's band.

Mrs. Milcah Laverick and Mrs. Jane Newman of Broadlands, are visiting relatives here.

Mr. and Mrs. Wm. Davies and Mr. and Mrs. B. F. Rawlings attended the farmers' institute at Modesto Thursday.

There will be a social at the church Friday evening and a precinct Sunday school convention at Durbin next Sunday afternoon.

The Durbin W. F. M. S. plans to entertain the District convention November 4 and 5. This will probably be the first time the district meeting has been held in the country, but oiled roads make it possible to have a good attendance in the country now.

Pioneers of Tomorrow

AN ORGANIZATION is only as big as its personnel, and the personnel reflects the bignessand vision of the men who direct it.

The Standard Oil Company (Indiana) has been able to attract to its service men of ability, high ideals, and broad vision, because of its policy of selecting its executives from those who have come up through the ranks.

The men who are today the directing heads of the organization hold their position by reason of their thorough knowledge of the oil business, and because they have shown a profound understanding of our economic structure.

The Standard Oil Company (Indiana) foresaw the development of the automobile engine, and realizing the tremendous increase in the demand for gasoline which would result, prepared in advance to meet the needs of the people.

Ten years ago the average yield of gasoline from the crude produced in the United States was only eleven percent. Today the average yield for the country is well over twenty-six percent.

This increase is in large measure due to the foresight of the Standard Oil Company (Indiana), and the advanced work done by the chemists and refining technicians in the Company's service.

The result of this vastly increased yield of gasoline has been the more rapid development of all types of automotive machinery, which, in turn, has enabled the farmers of America to increase their output of foodstuffs in the face of an acute shortage of agricultural labor.

The Standard Oil Company (Indiana) is still working well into the future, and the men who are directing the destinies of the Company confidently expect to meet the needs of tomorrow as completely as they are meeting the needs of today, and to give a creditable accounting of their trusteeship to the 5124 stockholders, to the 23,000 employees, and to the public at large.

A Beautiful, Long-lived Roof— Certain-teed Shingles

Certain-teed Asphalt Shingles, in subdued reds or greens, add an attractive touch to the appearance of any home. Their surface does not wear off, wash off or change color and they do not crack or break.

In addition to their beauty, they provide weather protection and are, at the same time, fire-retarding and spark-proof.

Their cost is low compared with other equally high grade types of roofing and they are guaranteed for ten years.

In addition to shingles, Certain-teed Roofing comes in rolls, mineral-surfaced red or green —much like the shingles in appearance—and also in the smooth surface staple gray kind.

Like all products bearing the Certain-teed label, Certain-teed Roofings are the highest quality.

See a Certain-teed dealer the next time you need roofing. He can help you select the best kind of roofing for your purposes and sell you what you need at a real saving in cost.

CERTAINTY OF QUALITY AND GUARANTEED SATISFACTION - CERTAIN-TEED

OLD BETHEL.

During a recent visit to the old town of Bethel the writer gleaned some interesting reminiscences of the place; not at all a complete history or any attempt at one; only a few interesting facts. The place was first laid out in the early 30's when there were no regular highways, only a few cow and bridle paths. The place of vicinity contributed to Jacksonville by A. C. Wadsworth, B. F. Bristow, W. H. Broadwell, A. J. Thompson and others. A noted character widely and favorably known was Rev. Aaron Dickerson, son of O. C. Dickerson, an early settler there. The son died a few years since at the home of a daughter in Mondota, leaving a record of a good name and a very useful life. He and his wife are buried in the Tippitt cemetery which is north of Bethel and which was restored, put in shape and beautiful largely thru the efforts of L. H. Callaway.

Bethel was a place of some note so much that in time a hotel, or old fashioned tavern was conducted successfully there. A grist mill was operated for years once by Mr Callon, father of the well known attorney, who was at one time a prominent citizen of Jacksonville. Welch and Rector, and A. J. Thompson were subsequent owners severally. When the work was abondoned L. H. Callaway bought the structure and took the material mostly to his farm, a mile or two north of the place and some of the timbers are now in the barn. The diseases of the early days were looked after by Dr. O. C. Abbey who rode with his saddle bags behind him dispensing calomel and epsom salts.

In the 50's he went to the territory of Kansas and his stern abolition principles nearly cost him his life. One night some border ruffians surrounded him and presenting a revolver at his head ordered him to recant, but he defied them and for a wonder the devils din't shoot being awed by such lifty courage. His wife and children are buried in the Tippitt cemetery.

A prominent enterprise was a two-story store where all sorts of produce were brought and flat-boated down to St. Louis, John R., and Leavitt Callaway were at one time proprietors; they were uncles of L. H. Callaway. Then Louis and Harrison Salmon and later D. C. Callon and Osgood carried on the business.

Charles Parsley carried on a blacksmith shop which did a lot of work and in those good, old days nearly everything was made by hand, horse shoes, nails and the like. The best iron was in nail rods and the writer has seen them of such superior quality that a man would hammer out a nail without heating the metal.

Near the place was the home of the McPrerson family, one member of whom was county surveyor for years and was said to know almost every important corner in the county.

Near the place was the home of Samuel Callaway who reared a good family. One served in the Civil War, and his name is on the monument in Central park. Near the place too was an old time treadmill which furnished power for carding and a variety of purposes. This was conducted by an enterprising man named A. J. Duckett, father of Albert Duckett of this city. J. B. Sargent was a carpenter when they made shingles by hand and hewed out studding from saplings, and made even small structures with heavy frames requiing a large force to raise them. Even a barn twenty feet square requied a lot of men to get it up.

Joseph Hamilton was a cabinet maker and his chairs and tables were made to last while his bedsteads today would command a large price from antique hunters. One important feature was coffins He kept on hand a supply of walnut lumber and in the summer time he would be called on in a hurry for bodies couldn't be kept those days and many a time he worked all night while some one held a candle for him.

Not far away was old Morgan, then something of a place, where lived Mary L. Thompson, afterward the mother of L. H. Callaway. When she was a young woman she did a great amount of spinning and walked many a mile back and forth by the old wheel as she defly changed the rolls of wool into yarn to be sent to the loom to make the jeans which lasted almost like leather. She was a very religious woman and many a time she took her baby in her arms and walked to Concord to attend class meeting, not fearing snakes or wild animals as she passed thru he timber. Her son Louis H., is the only survivor of the family, and is an honored citizen, leading fruit grower and farmer.

N. C. Antrobus and Henry Swettart carried on a blacksmith and wagon shop and manufactured plows both breaking for cultivating corn, the latter called shovel plows. Then the fathers believed in a deep cultivation and at the last they split the middles between the rows leaving a small canal.

A well known character was J. W. Ethel and it would surprise those who know him in his later days when he was so heavy that in his early dayh he excelled as a foot racer. He was the father of Charles Ethel, once assistant county clerk, and of Hiram Ethel, now of Chicago.

When the Wabash railroad was constructed Bethel was left to one side and declined while the town of Chapin took the place largely of both Bethel and Morgan. There is now but one small store there and it is carried on by William Dickens. Other residents of the place and vicinty are John Owen, whose wife is a daughter of J. W. Ethel, Patrick Daley, William Brockhouse, John Daley, Gilliland family, Willis and Thomas Rickey, John Newburn and his aged father. Drake and Taylor are names of honored families of that vicinity.

AN INTERESTING AUTOBIOGRAPHY.

The Journal's esteemed friend, L. H. Callaway, residing near old Bethel, has loaned the office an autogiography written by the late Rev. Mr. Dickerson, so well known to many early settlers in this vicinity. The article deals largely with the gentleman's religious experience and his religious work in after years. A few extracts are offered. He was living with his daughter at Mendota when the article was written, Dec. 5, '98.

"Here I am near the golden gate and my heart harks back to the mother church, the Congregational at Jacksonville, the time, April, 1850, the Congregational church building standing east of the old court house square and long afterward known as Union Hall (It was on the spot now occupied by the Johnson, Hackett & Guthrie building.)

In the membership of that day I well recall the names of Sturtevant, Dr. Reed, Prof. Turner, two Bancrofts, J. W. King, J. W. Lathrop, Henry Irving, Ebenezer Carter, Timothy Chamberlain, Sr., and Jr., and others true to their principles and beliefs. Rev. Edwin Johnson was the pastor. I was then a youth of 19 having recently left Catlin's class in David B. Ayers' bible school in the First Presbyterian church, and had entered Prof. Turner's Bible class of Bible students. Mr. Johnson was succeeded by Rev. N. P. Coultine and I shall never forget the sermon he preached that morning from the theme, "Eternal Life." I trembled in every fiber of my being as I leaned on the back of the seat. * * * * "He goes on at some length relating his mental troubles and unrest. He tells of listening to a sermon to the college students on the theme "Living as Tho There Were No God is Practical Infidelity." He goes on to say,

"I attended a week day service and arose and asked for prayers. My Bible class teacher, Prof. Turner, sat nearly opposite me and said: "If that young man feels as he says he does and contnues to feel so not all the powers of earth and hell combined can tear him from his God.' At another time I was still troubled, and as we were leaving church Prof. Turner took my hand and said: 'Tell me just what troubles you most.' I said unbelief. He replied 'The book says that God so loved the world that He gave His only begotten Son that whosoever believeth in Him should not perish but have everlasting life. Is it God's power you doubt? Thus from point to point he ceas[ed] my unbelief till the light came."

He goes on to tell how Prof. Turner took him in to supper and said and did so many kind things to and for him and narrates at considerable length his experiences and states of mind, full of joy. He told of attending a camp meeting in Kirkpatrick's Grove. It was within five miles of old Bethel and his father's farm. He told how Rev. Mr. Kerrens, pastor of the M. P. church at Winchester told him he was to preach that morning at ten. He took for his text the words: "Father, Glorify Thy Name." and felt blessed in the effort. He was appointed at conference meeting at Vandalia to travel the Mississippi circuit as junior preached as he had recently transferred his membership to the M. P. church. He traveled at one time eighty miles on foot with saddlebags on his shoulder preaching in schoolhouses and log cabin homes to full houses.

The first annual conference he attended was at Cotton Hill ten miles south of Springfield, and among some who heard him was a young lawyer named Abraham Lincoln. Various pastorates were supplied by him, in Sangamon, Champaign and other counties, his preaching being done largely in log cabins and schoolhouses. He tells of a quarterly meeting near Urbana which he would never forget. People kept open house three days. In a cabin all were welcome and the floor in front of the big fireplace was all occupied with the audience. One carriage load came 25 miles; one Democart wagon forty miles and so on. In the midst of the services a loud cackling was heard and a hen which the hostess was setting had been overlooked and being disturbed had rushed out much to amusement of all present.

He served congregations in Winchester, Lynnville and other places. He tells in a quaint way of his courtship which took place in New England. He wrote the one of his choice a letter which made a whole page of foolscap and not getting an answer, wrote her another but he found that the real presence accomplished more than letters and they were married in the old Grove Street church March 16, 1858, and they removed to New England, he having decided to change his field of labor. In a few years which were happily spent in the east they returned to Illinois and to the pastorate of the Congregational church at Chandlerville from 1861 to 1865.

In the 18 years that followed five sons and one daughter came to bless their home and it may be said that his children lived to honor his name. Thru all the years that followed he did much work all thru this region and was very widely known in all parts.

When failing powers compelled him to lay down his work a dutiful daughter cared for him and his last days were spent in peace and comfort and he went home to Him whose he was and whom he served.

DON'T BE DECEIVED BY THE WORD "PURITY"

You hear read or are told that this, that or the other toilet soap is made of pure ingredients. Maybe it is. But that,s not enough.

You might make up a batch of jelly-of pure grape juice-of pure sugar. But if ingredients came in contact with impurities—they cease to be pure.

It is just the same with toilet soap- The manafactures of Remo Sterilized Toilet Soap seem to have found the finial solution of positive soap purity.

Remmo Sterilized Toilet Soap—as many other Toilet Soaps—is made of the purest of soap ingredients. To protect those ingredients against all forms of impurities, with which they might come in contact, the combined ingredients are sterliized at 198 degrees Fahrenheit.

Remmo Sterilized Toilet Soap possess the only kind of purity taht means anything at all to soap users—it is pure when used.

This positive soap purity quickly makes itself known in improved complexion beauty—a delightful skin coloring and velvety skin texture.

This extreme purity, high excellence of cleansing quality and precaution against impurity adds nothing to the cost of this Toilet Soap.

Remmo Sterilized Toilet Soap can be procured from your dealer at the same price asked for toilet soaps that can not give you the same degree of purity or the same pleasing result.

LEGAL NOTICE

Public notice is hereby given that Lela Pearl Spooner has filed a bill against Charles Richard Spooner asking for a decree of divorce from him; that a summons in chancery has been issued to the sheriff of this county, returnable to the November Term A. D. 1920, of the Circuit court of Morgan County, state of Illinois, to be holden at the court house in Jacksonville, in said county, on the second Monday, being the eighth day of said November, and said cause is now pending. Now, unless you, the said Charles Richard Spooner, shall appear in person or by attorney at said time and place and plead, answer or demur to said bill the same will be taken as confessed by you and a decree of divorce by default be entered.

CHARLES W. BOSTON,
Circuit Clerk of Morgan County, State of Illinois.
Julian P. Lippincott,
Solicitor for Complainant.

NOTICE OF PUBLICATION

State of Illinois
Morgan County } ss.
In the Circuit Court, November Term, 1920.
Clara Carter Timberlake, Complainant vs. Frazier Timberlake, Defendant. Bill in Chancery for Divorce.

Affidavit of unknown residence of Frazier Timberlake, defendant, having been filed in the clerk's office of the circuit court of said county, notice is, therefore, hereby given to the said defendant, Frazier Timberlake, that the complainant filed her bill for divorce in said court on the chancery side thereof on the 2nd day of October, 1920, and that thereupon a summons issued out of said court, wherein said suit is now pending, returnable on the second Monday in November, 1920, next, as is by law required. Now, unless you, the said defendant above named shall personally be and appear before said circuit court on the first day of the next term thereof to be holden at Jacksonville, Illinois, in and for the said county on the 8th day of November, 1920 and plead, answer or demur to the said complainant's bill of complaint, the same and the matters and things therein charged and stated will be taken as confessed, and a decree entered against you according to the prayer of said bill.

C. W. BOSTON, Clerk.
H. P. Samuell, Complainant's Solicitor.

TRADING IN STOCKS WAS PROFESSIONAL

By Associated Press.

NEW YORK, Oct. 26.—Trading in stocks today was professional and restricted the languid movement being governed almost entirely by monetary conditions. Signs there pointed to continued tightening of demand and time loans. Call money opened at 9 per cent, highest initial rate in many weeks and rose to 10, but withdrawal of almost $30,000,000 from local banks for federal requirements caused no unsettlement.

British exchange hovered around yesterday's recovered levels.

Domestic developments were in keeping with long existing conditions, especialy the industrial situation. The most noteworthy incident of the day—the third quarterly report of the United States Steel Corporation did not come until after the close of the session. Total earnings aggregating slightly over $48,000,000 an increase of almost $4,900,000 over the previous period were in line with most forecasts.

Analysis of the statement, however, taking earnings by months offered further proof that consumers are holding off in anticipation of a downward revision of price schedules.

Trading in bonds was irregular and featureless, a slight downward trend ruling. Total sales par value $12,200,000.

UPWARD TURN IN PRICE OF WHEAT

CHICAGO, Oct. 26.—Big upward swings in the price of wheat took place today accompanied by signs of concert d stoppage of rural selling and by increased export demand. The market closed strong 9½s to 19¼c net higher, with December $2.09½ to $2.09¾ and March $2.02½ to $2.02¾.

Corn gained 1½c to 2½c and oats 1⅜c@1½ to 1⅝c. In provisons, the outcome varied from 25c decline to a $1.10 rise. Wheat began to ascend as soon as the market opened but it was not until the end of the day that evidence of unusual momentum appeared. Then houses that have been selling reversed their position and covered. Gossip spread that country offerings were being confined largely to elevator sources.

Ready credences was given in some quarters to opinions that the farmers' strike announced sometime ago was intended to become effective last night had been responsible. At the same estimates of export business today ranged from 1,250,000 to 2,000,000 bushels.

Independent strength was given to corn and oats by announcement of heavy export buying of corn 700,000 bushels for Belgium, 260,000 bushels for Germany and five loads for Holland. Higher quotations on hogs gave a lift to active deliveries of provisions.

Vaccinate Your Own Hogs
Costs Only 20c to 40c Each

The Fulton County Farm Bureau furnishes Dr. Rea's Government tested serum to its members at cost, which is $5 a bottle of 500 c. c. In that county 800 farmers have already vaccinated their own hogs at a saving of one half to two thirds of their former vaccination bills, all report the best of success, no abscesses or bad results of any kind.

Hundreds of farmers in Rock Island, Mercer, Hancock, Lee and Edgar counties, as well as Fulton county, are doing their own vaccinating with Dr. Rea's Serum, which is furnished to them through their farm bureaus.

R. O. Shields, president of the Brown County Farm Bureau and Harry Jewell, treasurer of the Warren County Farm Bureau, have both vaccinated their own herds with Dr. Rea's serum and recommend it highly. They di dthe work themselves.

This same government tested serum with the U. S. release label on each bottle is now sold in this county at the address given below for the convenience of those who wish to vaccinate their own hogs or have it done. The price of the serum is $5.50 a bottle of 500 c. c. Virus is one cent a c. c. Syringes are sold at cost. The dosage table is on each bottle. Directions are furnished with the serum showing just how the vaccination is done. It is easy; no skill required.

Fill Your Blood With Iron If You Want To Be Strong

WITH PLENTY OF ENERGY AND POWER

Says Physician—Explains How Organic Iron Like Nuxated Iron Often Increases the Strength of Weak, Nervous, Run-down People In Two Weeks' Time.

You cannot expect to forge ahead in life with plenty of energy and power if your blood is thin and watery any more than you can hope to run an automobile on water instead of gasoline. It takes pure, red blood—rich in iron—to keep the human machine working right. Without iron your every action lacks power, your red blood corpuscles die by millions, the strength goes from your body and you drop among the weaklings and failures.

"But when such men and women supply the right kind of iron to their blood, a most surprising change often takes place," says Dr. John J. Van Leone formerly Medical Inspector and Clinical Physician on the Board of Health of New York City. "The weak, colorless blood which had been moving sluggishly in the veins becomes rich and red and courses through the body, building healthy tissue, giving renewed force and increased strength. Without this rich, red blood with plenty of iron in it, there can be no physical perfection or force to carry on one's work. Yet to take the wrong kind of iron may prove worse than useless just as the wrong sort of food will often fail to give the proper nourishment. Organic iron—Nuxated Iron—by enriching the blood and creating new blood cells, strengthens the nerves and builds the muscles and helps instill the whole system with fresh vigor and energy so that the person becoming more vivacious every day, is astonished at the way they have gained by putting on flesh and strength and how nerves which were all jagged out by worry, work and study have been built up strength, and health by taking organic iron—Nuxated Iron—for I consider it one of the foremost blood and body-builders, the best to which I have ever had recourse."

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.) New York and the Westchester County Hospital says: "I have strongly emphasized the great necessity of physicians making blood examinations of their weak, anaemic, run-down patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their red blood corpuscles. To supply this iron deficiency and to help build strong, healthier men and women, better able physically to meet the problems of everyday life, I believe physicians should at every opportunity prescribe organic iron—Nuxated Iron—for in my experience it is one of the best tonic and red blood builders known to medical science."

If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day for two weeks, then test your strength again and see how much you have gained.

Manufacturers' Note: Nuxated Iron, which is recommended above, is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black, nor upset the stomach. Each tablet of Nuxated Iron is claimed as follows: "And the words Nuxated Iron are stamped into each bottle, so that the public may not be led into accepting inferior substitutes. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will return your money. It is dispensed by all good druggists.

A SERMON ABOUT THE JEW

A recent number of the "American Israelite" is a remarkable sermon by Rev. S. W. Purvis, D D., of Cincinnati, Ohio, from the paper kindly loaned by J. Herman a few extracts are made. He says the preservation of the Jewish race is the most remarkable phenomenon in history. When Frederick the Great challenged his chaplain to show him a miracle of the man and one said "The Jews,' and the speaker added to it his own testimony and remarking that to the Jews we are indebted for many of the fundamentals of our own Christian faith.

Rome gave laws, Greece gave agriculture, Phoenicia gave commerce but all have passed away while the Jews, captivated and taken to Babylon, dispersed thruout the nations during the ages; suffering untold persecutions and hardships, have kept their nationality pure and today among them numbered some of the greatest men of the age. His story is at once the miracle and romance of human history. None can blot him out, Babylonian in Roman desolation, Grecian absorption, mediaeval persecution, modern massacre have been in vain. He has outlined Egypt, Chaldea, Persia, "Assyria." While our forefathers were savages living on roots or gnawing a bone in a cave his were princes in the house of King David. There are 50,000 black Jews in Abyssinia, Negro Hebrews, while there are even Chinese Jews who observe all their rites and dietary laws. Suppose we had taken a few thousand of any nation 2,000 years ago set them apart to live in restricted districts, forced them to wear distinctive garb, forbidden them to engage in agriculture, limited their usefulness to particular trades, only in the rarest instances, permitted them to own property wouldn't any people become peculiar? Wouldn't they be suspicious?

In spite of all this the Jew has developed a marvelous love for his stepmother land. Given the opportunity, he perfects himself in science, music, painting, sculpture,, literature, philosophy, sociology, philanthropy, medicine, mathematics, history and astronomy. In all he gave his best, frequently in return was refused civil privileges, political office, military honor. Their hands were tied and they were blamed for not using them. Persecution, fire, sword, and dungeon were his reward, yet how loyal he has been. In the great war in England 8 per cent of the Jews enlisted, to 6 per cent non-Jews. America sent nearly 225,000 into all branches of the service. Their quota, being about 3 per cent of the population, they exceeded by one-third. Of the 800 citations for valor, 174 won the Croix de Guerre, 130 the Distinguished Service Cross, three the U. S. Congressional Medal of Honor, our highest gift, and two the rare French Medaille Militaire. Their casualties were about 18,000 and 3,500 laid down their lives.

There were five Jews in the fleet with Columbus and Rodrigo Sanchez was the overseer of the crew. Louis de Torres was the interpreter and they were the first to set foot on the promisel land. It is said that Columbus' mother was Suzanne Fonterosa, a Jewess.

The Jewish old Testoment, literature moulded Puritan thought. A Jew loaned Washington $800,000 to finance the Valley Forge campaign. The inscription on the Liberty Bell is from the Jewish Bible. Lincoln's addresses show his inspiration from the Jewish Elijah. The design on the Lincoln penny is by a Jew Victor D. Brenner. In America the Jew is a patriot without a hyphen. There has never been a Jewish vote at election time.

America has about 3,000,000 Jews, of whom one-half are in and about New York. In that city every sixth person you mee is a son of Israel, and on Manhattan Island one in four. About one third of the student body at Columbia University is Jewish, the City college 97 per cent. The Washington Irving high school has 6,000 pupils, nearly all Jews. The New York telephone directory has sixteen columns of Cohens and fourteen of Smiths. In Philadelphia there are two and a half columns of Cohens with eleven of Smiths.

There is not a Christian church on the east side of New York but there are 60 synagogues. In our country he is on the bench of the supreme court, in the national senate and congress, governor of three states, owner of the New York World and the Times, business manager of the Hearst newspapers and his banking house is next to that of J. P. Morgan & Co.

A Jewish engineer built the Pennsylvania tunnel under the East river. Ossip Gabrilowitch, the musican, married Mark Twain's daughter. Bret Harte is of Jewish extraction. Other Jews were Sir John Herschel, the astronomer; Francis Turner Palgrave, the critic; Sir John Millais, the artist, Leon Gambetta, the statesman; Sir Arthur Sullivan, the composer, and the mother of Gen. William Booth, the youthful pawnbroker's assistant, the glorious Christian saint of Salvation Army fame, was a Miss Moss, a Jewess.

You and I, Christians, worship the Jehovah of the Jews—as Christ came to interpret Him. The Jewish scriptures, the old testament, begins with the story of Man, not with a history of the Jews. Our religion, the Christian religion, was founded by Jews and Judaism. Every book of our New Testament was written by a Jew, with the possible exception of Luke and the Acts of the Apostles. My text was written by a little Jewish tentmaker, he who next to Moses, has cut the greatest swath in human history.

It was Simon Peter, a Jew, to whom Christ said: "On this rock I will build My Church." Our very calendar is based on the birthday of a Jew, and our greatest, sweetest holiday centers around the manger-cradle of a little Jewish babe! Of the Christians of the world 500,000,000 worship Jesus, a Jew. And 200,000,000 venerate Mary, a Jewess!

TAKING THE IN OUT OF INDIGESTION

Stuart's Dyspepsia Tablets Are Nicely Balanced to Enable You to Eat What You Like Without Distress.

Indigestion is about the most universal complaint of mankind. And when the stomach is sour, gassy, bloated-like and you get

that peculiar bilious taste in the mouth due to indigestion or dyspepsia there is nothing more relieving than one or two Stuart's Dyspepsia Tablets.

Many people are afraid of nearly all the good old, savory dishes, the fried eggs, sausage, steak and onions and so on, as they usually experience the peculiar acidity which often follows such food. But Stuart's Dyspepia Tablets were designated to supply the stomach with the alkaline effect to offset the acid conditions. For this reason many physicians recommend these tablets and you can get them in any drug store at 60 cents a box.

GEORGE W. TODD NOW AT NEW JERSEY CAMP

Son of Mr. and Mrs. Frank Todd Writes Interesting Letter From Camp Dix, to Which He Was Recently Assigned.

George W. Todd, son of Mr. and Mrs. Frank Todd of 512 East Morton avenue, is one of the local boys now in the army service. He is now located at Camp Dix, New Jersey, with the headquarters detachment, 1st division. The following letter from the young soldier will be read with great interest by his many local friends:

Headquarters Detachment,
Personnel 1st Division,
Oct. 21, 1920.

Dear Folks:-

Arrived safely at Camp Dix this morning at 6:38 a. m. Was certainly glad to get here.

I left St. Louis last Tuesday night at 11:50 p. m., on the Pennsylvania Lines in a first rate Pullman coach. I wasn't very familiar with Pullman cars but I slept fine both nights. I went thru Pittsburgh, Pa., last night at 6 p. m. Some city!

I arrived in Philadelphia this morning at 4:30 a. m. I got off at the Pennsylvania station and did not know which way to turn. It was foggy and dark and it seemed like everything was dead. Suddenly in the station I spied two soldiers who also were going to Camp Dix so I joined forces with them. We crossed in a big ferry over into New Jersey and caught a local train into Camp Dix.

When we arrived at Camp my soldier friends of course had to leave me as I had to be re-examined. I waited at the station from 6:30 until 9 before I was inspected. My I was hungry. I told the corporal so too. However, he first took me to the 1st Diviison Headquarters troop and introduced me. What do you think happened?

The sergeant in charge and the field clerk looked at me critically and asked about my education. I informed them that I was a high school graduate. The sergeant said "All right, we will use you right in the office.' I sort of hesitated, for I don't like office work. But when I learned how they worked I made up my mind and permitted them to transfer me from Headquarters Troop, First Division to Headquarters Detachment, First Division.

We are on what is known as special duty. I have a desk all my own and I am orderly for the Personnel of Headquarters Detachment, First Division. My work is sorting and delivering correspondence, war orders, requisitions, telegrams, discharges, reports and etc. I have only done it for one day, but it is simple and I like it. I also am in line for promotion.

We go to work at 8:30 a. m. with one hour off at noon and then from 1 until five. After five we are free the rest of the evening, which I spend usually here at the club. There is one of the newest and finest club houses here there is in the U. S.

After I have served one year here I am going to get transferred to the vocational school, where you study for three months and then can take and pass the examination for West Point. I certainly have the army fever now and I am not going to quit until I am a commissioned officer.

I am feeling fine and trust you are all the same, if not let me know.

I am 80 miles from New York City and 30 miles from Philadelphia. So I will be able to tell you something when I make my annual visit next fall. I will get 30 days leave next summer or fall and see you.

Write and tell me all the news

With love,
GEORGE W. TODD.

Preparing for one hundred and twenty million meals with Karo Maple for 1921

Last year American housewives bought over five million cans of Karo Maple. Delicious flavor, moderate price and wise buying.

Do you know that the makers of Karo Maple are the world's largest users of the purest and best flavored maple sugar?

That over a thousand tons of maple sugar from the finest maple groves in Vermont and Canada are used each year to make Karo Maple?

Karo Maple is pure and wholesome—its flavor is not an imitation.

Yet the price is so *moderate* that you can afford to serve it at every meal.

Try it just once, on some nice hot waffles, or brown pancakes. Or as a spread for bread or crisp toast.

If Karo Maple isn't the most satisfying syrup you ever tasted, at the most satisfying price you ever paid for a similar syrup, *return the balance of the can and the grocer will refund your money.*
